cy given to [redacted] OPS/CSW/FBI to pass to Bureau 4 Dec.

Dr. Pedro RUIZ Quintero, psychiatrist and Director of Lincoln Community Mental Hospital, Bronx, New York, was debriefed by an officer of this agency on 1 August 1975. He provided the following information which may be of interest to the Bureau:

Dr. RUIZ is not aware of any involvement of U.N. based Cubans in his hospital and related projects; however, he stated that the radical elements at the hospital visited the Cuban Mission and some even went to Cuba. He mentioned one Helen RODRIGUEZ, M.D. at Lincoln Hospital, as "a Puerto Rican Communist who goes to Cuba on visits and has X contact with the Cubans at the U.N."

CONTACT REPORT

Henry S. PACHANKIS w/Emory D. FRENSELAR  
12 Nov/1610-1800/ rm 502 Holiday Inn, Tysons Corner

1. SLAPSTICK-1: Nothing new on the anonymous threat; no new letters or phone calls. S-1 has a new job, his new employer does not know about the problem. I told P to tell S-1 the FBI is investigating the case. Note: change in job may affect S-1's ability to travel; it may be difficult to go leave for any length of time so soon after coming on the job. I told P we are zeroing in on Luciano VAZQUEZ in Rotterdam, waiting for confirmation of his ICS presence there, also whether family is with him. Will have P contact FERNANDEZ de la Presilla (old friend of V's) in Port Charlotte, then make decision on how to make approach, using either S-1 or FERNANDEZ. Also gave P 2 photos (from Sylvia) to show S-1, to determine whether he recognizes either and if so, to obtain background and assessment info. Photos of Carlos LASTRA majoros and uniden Cuban male.

2. SLALOM-1: P had not yet received latest cable on S-1; I told him FBI wants to contact S-1, and we agreed to advise S-1 that SA C'Brion from Newark office would make contact S-1 at home on 20 Nov. P will write a letter to S-1 airmail special delivery on 14 Nov. Also gave P instructions to query S-1 whether he or wife knew Panamanian dip Miguel Antonio HERNAL Villalaz when they were in Mexico Paris; if S-1 knew him, or of him, P will go to NY and debrief him in depth.

File (3) UNRUMBLE-2: I told P that U-2 lead Guillermo BARIENTOS has a couple of relatives in Mia 1 area, whom we would have P check out as soon as we have FBI traces, to determine what B's actual position is in Cuba (National or provincial mental health) and any useful assessments; after which, decision will be made whether we will pursue this lead with U-2.

4. Rafael CURELL Rodriguez: P's debriefing of brother Teodoro not yet received. P said Teodoro was very cooperative, eager to help. Teodoro brought up subject of Juan ARAUJO, relatives in California, said A is in bad news, we should under no circumstances contact him for access or news of Rafael. Details follow in CR; this agrees with Hqs views. Teodoro revealed that Rafael had been in Nassau for a couple of months last summer, we could probably have gotten in contact with him then. No info on when he might travel again.

5. Pablo BACAS Rodriguez: P's contact report of mtg with brother Humberto not received. Humberto doesn't write, keep abreast of Pablo's life thru relatives. Pablo is low-level, doesn't have any influential contacts to help him win better position, would like to leave but can't desert family, is just getting along by accommodating with the regime. On the face of it, he doesn't look like much of an SLS/LASB recruitment target. Will wait for P's contact report for final decision.

6. 7. We talked at length about current effort to identify, locate and debrief likely sources of ops leads. P will consider all his contacts in Miami area and come up with proposals. Will also start to compile list of various professional and geographical refugee associations flourishing in Miami area, as sources for info on locating people of interest. P said he is willing to locate and debrief specific individuals, but feels he should be careful about wholesale "beating the bushes", which might get him too well identified in exile community. I agreed; if he should avoid an specific contact for security reasons, someone else will handle. Mtg tomorrow at Jonis.

LX-4064

SUBJECT: Debriefing of UNRUMBLE-2, re SLABBA-1. (S-1)

1. UNRUMBLE-2 (Dr.) was debriefed on the afternoon of 1 August, re his knowledge of S-1. Although we had to scurry around the city and suburbs to locate the good Dr., it was well worth it. For reference purposes, the Dr. can be located at:
4. Re our primary objective, the Dr. produced the following facts on S-1:

**FAMILY:**

DPOB: c. 1935 in Las Villas province, Cuba. Caucasian male.  
Mother: fnu. DPOB: c. 1910 in Cuba. She was a public school teacher in Santo Domingo, Las Villas province, where the Dr. grew up. Sra. (Sra.) taught Dr. in elementary and secondary school.

Father: Believed to be (mat. unknown) DPOB: c. 1910 in Cuba. The father ran a rooming house and club at the local beach ("La Panchita."). It was c. 1946-47, when Dr. first met S-1, at the beach club owned by the father. Dr. recalls that religion never played any part in S-1's life: "They did not practise any religion and, in fact, the father spoke against religion. I think he was a PSP (Partido Socialista Popular, the Cuban Communist Party in that era) member." S-1 was the only child the had.

**PRE SCHOOL, SCHOOL AND ADOLESCENCE:**

The Dr. talks: "He was an only child and he was very spoiled, especially by his father. They were moral people and had a certain position of respect in that small town. The mother attempted to teach him to study hard and become a professional but (S-1) liked to party more than study. When he went to high school in Santa Clara (capital of Las Villas province) he ran around with a bad bunch of students who were always partying and studying very little."

In c. 1954, when Dr. and S-1 were preparing to enter the University of Havana, the father set up a boarding house in Havana for the students from their L.V. area. Dr. and S-1 roomed together for over 2 years: "We slept in the same room for two years. We got to know each other even better. He was not a very good student because he would not study. He was more interested in having a good time. In his second or third year at the University - I think he was studying to be an engineer or architect - he dropped out, he flunked out. He then went to help his father with his business and continued his partying."

**MARITAL LIFE AND SEXUAL CONDUCT:**

Dr. did not know that S-1 was married. "He was a very romantic person; he fell in love very easily but only had one woman at a time. But, I think he had an inferiority complex. When we went to a dance together, he didn't go for the pretty ones - I did - and he sought out the ugly ones. He wanted to be sure he got a girl; that he wasn't rejected."

FORWARDED BY SPLIT TRANSMISSION

**GENERAL STATE OF HEALTH: NO FIELD DISSEMINATION**

"He was always healthy. He was strong and athletic. He liked to defend people against bullies. He would try to reason with those who were taking advantage of the weaker ones."

**EMOTIONAL REACTIONS:**

RECORD COPY

"He is generally a pleasant person. He loves to joke and we liked to play practical jokes on others. When he's not joking he gives the appearance of confidence; you accept him easily. He is not handsome but he looks pleasant. When you begin talking with him you continue; you don't drop him, as you would a boring person."

pgs 3 & 2

EMOTIONAL REACTIONS (continued)

And the Dr. continues: "But he is quitter; a loser. When he flunked out of the University of Havana he accepted it without fighting back. He could have accepted the fact that he did not study, that he spent more time at parties than with his books. So, he could have fought back; he could have told himself that he was going to change his life style and complete his career. He didn't fight back; didn't change his ways and accepted the results as inevitable; something that fate had predestined for him and that was that."

MENTAL PROCESS:

"He is not intelligent but he is sharp; he's not a dope. I would say he learned by watching others do things rather than he being inventive."

RELATIONS:

"He got along with everyone. He treated everyone with respect. He didn't take advantage of others. He liked to have people around him. Perhaps it came from growing up in boarding houses where there was always people around. He liked to pull practical jokes on others but in fun. Unfortunately, he joined a group of bums in high school and that led him to a bad life style. Perhaps his inferiority complex was to blame for him joining this fast crowd. I don't think any of those bums could be termed a good friend. I don't know that he had any friends that are now outside of Cuba."

PATTERNS OF CONDUCT:

"He is lazy. He depends on others. I'm certain he knows that he is not prepared to fight it out and make good in a society outside of Cuba. In my case, if I wasn't here in the US, I could go anywhere in the world and make out. He has to recognize that the Castro regime has given him prestige, position, recognition that he can't obtain going anywhere else. So, it is going to be very difficult to move him from the position he now has. While he is not ambitious, not the type to betray you to get ahead, he does like the good life, the good clothes, the good drinks and food. If you want to capture him it would have to be offering him more that Castro has given him as far as position. You also have to recognize that he is very attached to his parents. If they are alive, it is very unlikely that he will defect. Also, does he have any children? Are they with him or back in Cuba? He would not desert them, for sure."

And, the Dr. continued: "He is very paternalistic. He liked to give advice and protect the weak from people who wanted to take advantage of them, but he never applied this advice to himself. I think he was a bit envious of me and again he admired me because I was a fighter. Many was the morning after a party that he tried to discourage me from going to class and stay in bed. But I got up and fought while he went back to sleep and didn't go to classes."

SECRET

5. DR's CONCLUSIONS:

"I would be glad to make an approach to him but, as I said previously, it would not be easy to capture him unless he is about to lose his position. Has he changed his life style; or is he still partying around?"

Dr. said that S-1 has no Revolutionary background and that he never expressed himself as a leftist in sentiments. "I do not believe that he is a Marxist." The Dr. believes that S-1's father who was PSP probably got S-1 into MINREX through his old Communist Party friends and that S-1 has accomodated himself into a comfortable position.

Dr. recalls that he last saw S-1 in Cuba in c. 1960-61. They met at parties and S-1 was still a wine, women and song man. In c. 1961, Dr. left to study in Paris. In c. 1962-63, Dr. was instructed to write S-1 a warm/friendly letter from Paris (S-1 was in the Hague) but although S-1 answered, it was "cool." "I had asked him to drop by and have a drink and talk over old times but you could see from his answer that he wasn't accepting my offer. He never wrote to me again and I never heard about him, either."

Dr. had a difficult time remembering that S-1 had resided briefly in the US. At first he didnot remember anything. Later, only vaguely; so vaguely he could not give any facts. (NOTE: Was Dr. the source of the fact S-1 resided briefly in the US and was anti US because of Negro problem?)

Dr's complex schedule/responsibilities at the center he directs precludes his availability to pitch S-1 without at least a 6 (six) weeks advance notice so he can arrange his affairs. Please remember to take this fact into consideration if it is decided to use Dr's services.

7. This is the sum total of Dr's contributions on 1 August. Naturally, it was limited to the time available. If there are unanswered questions, I am certain Dr. will be more than glad to answer them on any subsequent trips to NYC. Dr. did not want to have our relationship end and asked me for an address where he could contact me if he had anything of interest. He now has my Miami PO Box and, I expect, we'll be hearing from him in the future. Last note: Dr. did not know that S-1 had any relatives in the US.

Henry S. PACHANKIS.

SUBJECT: Debriefing of Dr. Pedro RUIZ Quintero, re SLABBA-1. (S-1).

- 1. Dr. RUIZ (Dr.) was debriefed on the afternoon of 1 August, re his knowledge of S-1. Although we had to scurry around the city and suburbs to locate the good Dr., it was well worth it. For reference purposes, the Dr. can be located at:

Lincoln Community Mental Health Center (He is the Director  
 781 East 142nd Street and psychiatrist)  
 Bronx, NY  
 tel (212) 993-1500 ext. 233.

- 2. It was at his office that I was able to talk with the Dr. Although he was very busy and about to embark on a Mexico vacation the next day, he was gracious enough to contribute valuable insights on the character/personality and background of S-1. Dr. looks his age (c. 39) but would look younger if he would take off 30 lbs. He is about 5-9, 200 lbs. His manner is pleasant, friendly, eager to please but very much on an ego trip. While I was attempting to steer the conversation towards S-1, Dr. could not help but thump his chest on the great job he was doing at the mental health center he ran. Although the project's name is impressive, it is situated in a loft building adjacent to the Lincoln Hospital in a slum section of the Bronx. He told me he was combating the inroads being made in the community by the Black Power and Puerto Rican Nationalist element by subtly relating his Cuban experience.
- 3. Asked if he was aware of any involvement of UN based Cubans in his hospital and related projects, he said the Cubans did not come to his turf but the radical elements at the hospital visited the Cuban Mission and some even went to Cuba. Since this appeared to be "internal" or bureau jurisdiction and the Dr. did not have too much time, I did not delve into this matter. If it is important, I can look into it the next time I am in the NYC area. He did mention a Cuban DOCTOR WZ, MD, at Lincoln Hospital as "a Puerto Rican Communist who goes to Cuba in visits and has contact with the Cubans at the UN."
- 4. Re our primary objective, the Dr. provided the following facts on S-1:

FAMILY:

BIRTH: c. 1945 in Las Villas province, Cuba. Cuban male.  
 Mother: Mrs. MARTA, born c. 1912 in Cuba. She was a public school teacher in Havana, Las Villas province, where the Dr. grew up. (Dr. RUIZ) taught in elementary and secondary schools.

Father: Believed to be Carlos GONZALEZ (mat. unknown) DPOB: c. 1910 in Cuba. The father ran a rooming house and club at the local beach ("La Panchita"). It was c. 1946-47, when Dr. first met S-1, at the beach club owned by the father. Dr. recalls that religion never played any part in S-1's life: "They did not practise any religion and, in fact, the father spoke against religion. I think he was a PSP (Partido Socialista Popular, the Cuban Communist Party in that era) member." S-1 was the only child the GONZALEZ' had.

#### PRE SCHOOL, SCHOOL AND ADOLESCENCE:

The Dr. talks: "He was an only child and he was very spoiled, especially by his father. They were moral people and had a certain position of respect in that small town. The mother attempted to teach him to study hard and become a professional but (S-1) liked to party more than study. When he went to high school in Santa Clara (capital of Las Villas province) he ran around with a bad bunch of students who were always partying and studying very little."

In c. 1954, when Dr. and S-1 were preparing to enter the University of Havana, the father set up a boarding house in Havana for the students from their L.V. area. Dr. and S-1 roomed together for over 2 years: "He slept in the same room for two years. We got to know each other even better. He was not a very good student because he would not study. He was more interested in having a good time. In his second or third year at the University - I think he was studying to be an engineer or architect- he dropped out, he flunked out. He then went to help his father with his business and continued his partying."

#### MARITAL LIFE AND SEXUAL CONDUCT:

Dr. did not know that S-1 was married. "He was a very romantic person; he fell in love very easily but only had one woman at a time. But, I think he had an inferiority complex. When we went to a dance together, he didn't go for the pretty ones -I did- and he sought out the ugly ones. He wanted to be sure he got a girl; that he wasn't rejected."

#### GENERAL STATE OF HEALTH:

"He was always healthy. He was strong and athletic. He liked to defend people against bullies. He would try to reason with those who were taking advantage of the weaker ones."

#### EMOTIONAL REACTIONS:

"He is generally a pleasant person. He loves to joke and we liked to play practical jokes on others. When he's not joking he gives the appearance of confidence; you accept him easily. He is not handsome but he looks pleasant. When you begin talking with him you continue; you don't stop him, as you would a boring person."

SECRET

EMOTIONAL REACTIONS (continued)

And the Dr. continues: "But he is quitter; a loser. When he flunked out of the University of Havana he accepted it without fighting back. He could have accepted the fact that he did not study, that he spent more time at parties than with his books. So, he could have fought back; he could have told himself that he was going to change his life style and complete his career. He didn't fight back; didn't change his ways and accepted the results as inevitable; something that fate had predestined for him and that was that."

MENTAL PROCESS:

"He is not intelligent but he is sharp; he's not a dope. I would say he learned by watching others do things rather than he being inventive."

RELATIONS:

"He got along with everyone. He treated everyone with respect. He didn't take advantage of others. He liked to have people around him. Perhaps it came from growing up in boarding houses where there was always people around. He liked to pull practical jokes on others but in fun. Unfortunately, he joined a group of bums in high school and that led him to a bad life style. Perhaps his inferiority complex was to blame for him joining this fast crowd. I don't think any of those bums could be termed a good friend. I don't know that he had any friends that are now outside of Cuba."

PATTERNS OF CONDUCT:

"He is lazy. He depends on others. I'm certain he knows that he is not prepared to fight it out and make good in a society outside of Cuba. In my case, if I wasn't here in the US, I could go anywhere in the world and make out. He has to recognize that the Castro regime has given him prestige, position, recognition that he can't obtain going anywhere else. So, it is going to be very difficult to move him from the position he now has. While he is not ambitious, not the type to betray you to get ahead, he does like the good life, the good clothes, the good drinks and food. If you want to capture him it would have to be offering him more than Castro has given him as far as position. You also have to recognize that he is very attached to his parents. If they are alive, it is very unlikely that he will defect. Also, does he have any children? Are they with him or back in Cuba? He would not desert them, for sure."

And, the Dr. continued: "He is very paternalistic. He liked to give advice and protect the weak from people who wanted to take advantage of them, but he never applied this advice to himself. I think he was a bit envious of me and again he admired me because I was a fighter. They was the morning after a party that he tried to discourage me from going to class and stay in bed. But I got up and fought while he went back to sleep and didn't go to classes."

5. DR's CONCLUSIONS:

"I would be glad to make an approach to him but, as I said previously, it would not be easy to capture him unless he is about to lose his position. Has he changed his life style, or-is he still partying around?"

Dr. said that S-1 has no Revolutionary background and that he never expressed himself as a leftist in sentiments. "I do not believe that he is a Marxist." The Dr. believes that S-1's father who was PSP probably got S-1 into MINREX through his old Communist Party friends and that S-1 has accommodated himself into a comfortable position.

Dr. recalls that he last saw S-1 in Cuba in c. 1960-61. They met at parties and S-1 was still a wine, women and song man. In c. 1961, Dr. left to study in Paris. In c. 1962-63, Dr. was instructed to write S-1 a warm/friendly letter from Paris (S-1 was in the Hague) but although S-1 answered, it was "cool." "I had asked him to drop by and have a drink and talk over old times but you could see from his answer that he wasn't accepting my offer. He never wrote to me again and I never heard about him, either."

Dr. had a difficult time remembering that S-1 had resided briefly in the US. At first he did not remember anything. Later, only vaguely; so vaguely he could not give any facts. (NOTE: Was Dr. the source of the fact S-1 resided briefly in the US and was anti US because of Negro problem?)

Dr's complex schedule/responsibilities at the center he directs precludes his availability to pitch S-1 without at least a 6 (six) weeks advance notice so he can arrange his affairs. Please remember to take this fact into consideration if it is decided to use Dr's services.

6. Asked if he had any other friends in the JOCU who might travel abroad, Dr. cited this fact:

In c. 1971, Dr. attended a medical congress in Mexico City. He ran into a medical colleague he knew from Cuba:

Dr. Guillermo BARRIENTOS (Caucasian male)  
DPOB: c. 1940 in Havana, Cuba.

Dr. states that Dr. BARRIENTOS is presently the "Director of Mental Health in Cuba." At that medical congress in c. 1971, they exchanged views on mental care in both countries. Dr. did not attempt to come on too strong politically, "since I wanted to cultivate his friendship, so that later on I might be able to come in around." (Dr. appears bitter by the "snake bite" he picked up in Paris while working for us and is trying to get his feet wet again, somehow.)

SECRET

The result of this exchange of medical data at the medical congress in Mexico, in c. 1971, has been the exchange of mental health papers between the two through the mails. "We don't write anything. We just exchange publications. I send him the American ones and he sends me the Cuban ones. The last ones arrived about 2 weeks ago."

(NOTE: This is a lead we could explore if Dr. BARRIENTOS goes abroad to attend medical congresses in the future.)

Dr. says he attends medical congresses in the US frequently but has not been abroad on business since c. 1971.

7. This is the sum total of Dr's contributions on 1 August. Naturally, it was limited to the time available. If there are unanswered questions, I am certain Dr. will be more than glad to answer them on any subsequent trips to NYC. Dr. did not want to have our relationship end and asked me for an address where he could contact me if he had anything of interest. He now has my Miami PO-Box and, I expect, we'll be hearing from him in the future.  
Last note: Dr. did not know that S-1 had any relatives in the US.

Henry S. PACHANKIS.
